Which Mechanical Protection Plan is right for you?

Terms and Conditions

To keep the Mechanical Protection Plan valid you must have your car serviced **only** at our service centre.

If your vehicle is still under manufacturer's cover, you will enjoy the benefits of the extended plan if the car is serviced by us, in accordance with the specifications set out in the owner's manual at prevailing rates, until that warranty expires. After that, you will enjoy our six monthly/10,000 kms (whichever occurs first) fixed price service plan.

If you chose to have these services done elsewhere you may not necessarily void your manufacturers warranty however, we will not be able to offer you our extended coverage. Any claims/repairs must be taken back to our dealership unless you are outside a 50km radius from the Dealership, then you should contact 1300 728 687 to get an authorisation. A claim will not be paid without an authorisation number. The Plan covers wear and tear of all covered components. Services done elsewhere will not be approved or recognised.

The cover provided by the plan begins on the expiry of your manufacturers warranty or Statutory Warranty but the Terms & Conditions start from day one.

This contract is not transferable.
